This year, four employees at Reichmann can look back on a total of 60 years with the company. The jubilees were honored for their many years of loyalty to the company at the Christmas party.

The Christmas party at Reichmann & Sohn GmbH provided a festive setting for honoring four long-serving employees. Silvia Lott was honored in absentia for an impressive 30 years of employment. Horst Basler, Dennis Gundel and Michael Barthel have each been with the company for 10 years. Both Dennis Gundel and Michael Barthel have developed professionally within the company over the years and have also taken on new tasks. As a family business, it is important to Reichmann to offer committed employees opportunities for internal change and further development.

"As a mechanical engineering company with a complex and diverse product range, the many years of expertise of our employees is of immense value to us. Over the years, everyone celebrating a jubilee has made an important contribution to our success," summarizes Stefan Reichmann, Managing Director of Reichmann & Sohn GmbH.

Reichmann & Sohn GmbH is a family-run mechanical engineering company based in Weissenhorn near Ulm. With around 80 employees, Reichmann is active worldwide in three independent business divisions covering diverse aspects of grinding and cutting.
